Tanner Dance

THE UNIVERSITY OF UTAH 

Tanner Dance Fine Arts Preschool Just Got Even Better! Extended Day Program 9:00am-3:00pm offered beginning Fall 2026-2027

Extending the Day, Expanding the Possibilities. A Full Day of Creativity, Exploration, and Learning Through the Arts

Our extended day program builds on our morning's stellar and unique arts curriculum to provide a rich and balanced experience that nurtures creativity, curiosity, and social emotional well-being.

Children will enjoy outdoor nature play & free play (weather permitting)—along with a dedicated time for lunch (parents provide both a morning snack and afternoon lunch).

Midday offers a calming reset period, featuring soft music from renowned composers and genres, guided visualization, mindfulness, story time, or optional nap time to help children reset and recharge.

Each day includes a block of time for **"ART EXTENSION"**, where a designated art form is explored on a different level and in greater depth.

- **Music Extension:** Interactive experiences with songs, instruments, rhythm games, and building simple musical scores
- **Literature, Creative Writing & Drama Extension:** Puppetry, role-playing, creating original writings and poetry, and acting out stories
- **Visual Art Extension:** Murals, scenery design, 3-D creations, and multi-process art pieces and
- **Thematic art learning centers and sensory table activities.**

To foster independence, socialization, and choice, the day concludes with **Free-Choice Time**, allowing children to explore their interests in a supportive, arts-rich environment.

More Time for Creativity, Learning, and Joy!

2026-2027 Registration opens January 26th at 2:30 pm

Space is limited. 5Day students get first priority to enroll in NEW Extended Day Option.
